

U. S. Steel Approves Wage Hikes, Will Raise Prices

Average Increase For 170,000 Men Is Nine Percent

by William G. Smock
Pittsburgh, July 16—(AP)—The giant U. S. Steel Corp. today capitulated in its avowed fight against inflation by giving wage raises averaging 13 cents hourly and announcing price hikes soon would follow.

The wage boosts, ranging between 1 and 25 cents or about nine percent, went to some 170,000 CIO-United Steelworkers in "big steel" producing subsidiaries. The union quickly ratified the increase, hailing it as "a great victory." U. S. Steel said comparative raises would be handed to about 100,000 salaried workers.

Abandon Stabilizing Plan
President Benjamin Fairless of the corporation in a statement admitted U. S. Steel's plan to stabilize the cost of living by pegging wages and cutting prices was abandoned. This intent was avowed last April when Fairless first rejected the union's wage demands and instituted price cuts on some items.

Fairless hinted that failure of "other members of the steel industry" to join "big steel" in price cutting and wage pegging forced his hand today.

The steel-producing subsidiaries of the United States Steel will soon announce increases in their prices for various steel products at their mills or shipping points, following the completion of the cost study now being made. The forthcoming price increases are solely due to the fact that steel prices have not kept pace with rising costs.

Speculate On Price Boost
Amount of the coming steel price boosts has been a subject for much speculation. Iron Age, metalworking trade journal, estimated the advances at as much as \$10 a ton.

Last winter, the steel companies announced a series of price increases in various specialty products like tubing. In February, the major producers upped the price of semi-finished steel an average of about \$5 a ton. That move touched off sharp criticism in Congress and elsewhere.

Murray Speaks For Union
The union statement, released by President Philip Murray, said the present contract with big steel is expected to expire April 30, 1950, with the union reserving the right to negotiate wages and social insurance in July of 1949. The union will have the "right to strike on these subjects at that time," Murray said.

The 171-man wage policy group passed a resolution which praised Murray for the "splendid leadership" which brought steelworkers to the forefront of American industrial workers. The raises are effective as of today, making the average hourly pay \$1.68.

If past practices prevail, other basic steel producers may be expected to fall in line behind the pattern set by U. S. Steel.

Six Persons Killed When Converted Trainer Crashes

Junction City, Ga., July 16—(AP)—Six persons were killed today in the crash of a converted army training plane enroute from Greenfield, Tenn., to Americus, Ga.

The plane fell in a field about a mile from Junction City and burned. The bodies were burned almost beyond recognition.

The state highway patrol listed those aboard as Mr. and Mrs. Lonnie Taylor, Jr., of Greenfield; their two children, Tommy, 22 months, and Patricia, 10 months; Mrs. Dewey Paradise of Americus; sister of Mrs. Taylor, and Bobby Ratliff, 10, of Plains, Ga., brother of the two women.

The plane crashed about 7:30 a.m. Marvin J. Hester, rural storekeeper, reached the scene within a few minutes. The plane was burning and its passengers apparently met instant death.

Packer Arraigned For Manslaughter

Waterloo, Ia., July 16—(AP)—Eighteen persons were arraigned in district court here this afternoon on grand jury indictments growing out of last spring's meat strike at the Rath Packing plant.

Fred Lee Roberts, 35, Dunkerton, Ia., pleaded innocent to a charge of manslaughter before Judge Shannon B. Charlton, who set his bond at \$2,000. The manslaughter indictment was returned in connection with the death of William Farrell, a union picket, during a riot at the plant.

The grand jury indicted 23 others, but six have not yet been arraigned.

The device of the rattlesnake coiled and ready to strike was popular with colonists before the American revolution and used on a number of flags.

Togliatti Worse As Italy's General Strike Is Ended

Rome, July 16—(AP)—Oxygen and American-made penicillin were administered tonight to Communist Boss Palmiro Togliatti. Doctors said he is holding his own.

Togliatti, shot Wednesday by a Sicilian assassin, developed pneumonia last night, mostly in his right lung.

He had been reported weakening. His wife, Senator Rita Montagna, and student-son, Aldo, hurried to his bedside for an hour's visit.

Dr. Pietro Valdoni, one of the three physicians attending Togliatti, was asked whether he thought the Communist leader had a chance to survive. He replied: "Yes, by all means."

Confederation Breaking Up
Italy's 7,000,000-member labor confederation, meanwhile, began to crack up over the ill-fated, 36-hour general strike which ended at noon.

Italy's anti-Communist labor leaders called for an autonomous union "free of all party influences."

They sent a stiffly-worded letter to the confederation's Communist dominated executive committee denouncing the strike as a violation of the confederation's constitution.

14 Die In Disorders
They were at odds with the policy which set up the strike. There were 14 persons killed and 206 wounded in disorders throughout Italy during the trouble period. If Togliatti dies, most Italians believed there would be new and bloody outbreaks.

Bernadotte Fixes Sunday For Start Of Palestine Truce

Lake Success, July 16—(AP)—Jews and Arabs agreed tonight to stop fighting in Jerusalem and the U.N. mediator fixed 9 a.m., CST Sunday as the cease fire deadline for all Palestine.

Israel has agreed to a truce for the Holy Land if the Arabs go along. The Arab league is meeting in Lebanon and may give its decision tomorrow.

Count Folke Bernadotte, mediator, leaves by plane tomorrow for Rhodes, his headquarters. In a statement tonight he said he sent messages to both sides notifying them of the 9 a.m., Sunday cease fire hour.

He also told them that at the start of the truce he would have no peace observers to help him. He asked the Jews and the Arabs "to observe scrupulously both the spirit and the letter" of the armistice.

The Swedish count is asking the United States, France and Belgium to supply a total of 300 observers, 125 each from the U. S. and France.

The U. N. security council gave the Jews and Arabs 24 hours to accept a cease fire in Jerusalem and three days for all Palestine or face forceful measures. In view of the agreement on Jerusalem it was assumed the Holy City cease fire would be effective sometime tonight, possibly at midnight. Greenwich mean time (6 p.m., CST).

Announce First Marshall Plan Loan To Iceland

Washington, July 16—(AP)—The first Marshall plan loan was announced today—\$2,300,000 to Iceland to build up its fishing industry.

Economic Cooperation Administrator Paul G. Hoffman told the first meeting of ECA's advisory board that eight more loans totaling over \$700,000,000 are under negotiation for France, Italy, Denmark, The Netherlands, Dutch East Indies, Norway, Britain and Ireland.

Hoffman reported that outright grants to finance relief and recovery purchases here and overseas are rolling at the rate of more than \$100,000,000 a week. Up to this morning, he said, the total outlay was \$817,000,000.

New grants of another \$28,000,000 approved but not yet announced, are included in the total figure, he said.

270 Nurses Sent To Polio Areas

Washington, July 16—(AP)—Two hundred nurses have been sent to North Carolina "where poliomyelitis has reached serious proportions in ten localities," the Red Cross said today.

Seventy went to Texas where Edinburg, Galveston and Corpus Christi nursing needs were reported acute.

Red Cross officials said the organization has recruited a total of 650 nurses "in response to needs of affected communities overwhelmed by 1948 outbreaks of poliomyelitis."

Some went to Illinois, South Dakota and Iowa.

Meanwhile, Italy's government disclosed it will seek to outlaw political strikes such as the latest, called in Communist protest against the attack on Togliatti.

Premier Alcide De Gasperi announced the plan to Italy's turbulent parliament.

Seek Anti-Strike Laws
He told the Chamber of Deputies that the interests of the nation's economy demanded an end to "political strikes" and that the government would seek legislation to outlaw them. Such legislation would define what is a political strike and what is a lawful labor walkout, he explained.

Italy's rugged parliament had two brawls during the day, and there were repeated charges by the Leftists that De Gasperi's "dictatorship" favored "Fascism" and reaction. Critics said such action created the atmosphere which moved Antonio Pallante to shoot Togliatti.

Give Wage Boosts To Non-Production Workers At Ford

Detroit, July 16—(AP)—The Ford Motor Co., deadlocked over wages with 116,000 restless production workers, today boosted salaries of 25,500 other employees an average of nine percent.

At the same time the company rejected federal mediation in its wage dispute with the CIO United Auto Workers.

All salaried employees making less than \$625 a month were upped by from \$20 to \$50.

Those making more than that amount will be dealt with individually on a merit basis, President Henry Ford II said. He did not estimate the total cost to the company of the salary increase.

Ford said he still was hopeful of reaching a wage agreement with the UAW-CIO, which is preparing to set a date for a national strike against the big auto firm.

For the present, Ford added, the company does not want the federal government to intervene in any attempt to mediate the dispute.

Eight Year Old Thrown To Death From Viaduct

Cincinnati, July 16—(AP)—Eight-year-old Patricia Jackson was thrown to her death from the Western Hills viaduct, 125 feet above the ground, today and a man booked as Harry Robertson, 33, of Richmond, Va., was charged with murder.

Two motorcycle riders, John Theobald and Walter Rackemans, told Detective Chief Merz they saw a man throw the girl over the railing and the man tried to react the dead girl's brother, Charles, 3, and Edna Kidwell, 5, a companion.

The warrant charging murder was signed by John Jackson, father of Patricia.

Robertson was seized by several persons on the viaduct.

The Kidwell girl said Patricia's shoe became unbuckled shortly after they crossed the viaduct to get away from a man they believed was following them.

"Patricia stopped to buckle her shoe," Edna said, "and told us to keep on going, that she would catch up with us."

"We heard her scream and when we looked around the man threw her over the viaduct and came after us. I picked up Charles and ran."

First Girl Attends Engineering Camp

Chicago, July 16—(AP)—A young woman will attend classes at the summer civil engineering camp of the Illinois Institute of Technology for the first time in its history.

Miss Shirley Schultz, 19, will be first woman camper in the 40 years that Camp Armour, Trout Lake, Wis., has existed.

The camp was established in 1908 for field practice in surveying. It became a required course for all students enrolled in civil engineering.

Miss Schultz enrolled for the course last year. She will be chaperoned by Madge Rosenbaum, 18, a sophomore in civil engineering at Massachusetts Institute of Technology.

CHILD DIES IN POOL
Aurora, Ill., July 16—(AP)—Jerry Lechnick, 7, died today of a heart attack in the Exposition park swimming pool.

A guard saw him disappear at the shallow end of the pool and immediately went to his aid. Rescue workers tried for two hours to resuscitate him.

Italian Communists Strike

Bennet E. Meyers Dismissed From Armed Forces

Washington, July 16—(AP)—Bennet E. Meyers, once an air force major general and now a convict in disgrace, was dismissed from the armed forces.

President Truman issued the order under a section of the articles of war which permits the president to dismiss any officer who has been in prison or penitentiary confinement for three months following conviction.

The ex-general went to jail, in the District of Columbia, four months ago yesterday.

Meyers was convicted last March by a federal jury of inducing a former business associate to lie under oath to a Senate committee. The committee was investigating war time aviation contracts held by a firm in which Meyers was financially interested.

Subsequently he was sentenced to serve 20 months to five years in prison.

Meyers still faces a maze of other legal proceedings, including two sets of income tax fraud cases in Baltimore and Dayton.

Russian Fighters To Train In Air Corridor To Berlin

Berlin, July 16—(AP)—The Russians announced today their fighter planes would train in the air corridor used by the western powers to fly supplies to Berlin.

This came as the United States dispatched 60 B-29s—the plane that burned out Japan—to Britain on a "short" training mission.

The training trip greatly builds up U. S. air strength in the European area just when Russia is threatening to put the squeeze on western allied air travel in the Berlin corridors.

The Russians warned the Americans and British their fighters would go aloft from airfields at Kothen, Dalkow and Brandenburg, west and southwest of Berlin. U. S. operations men said the Russians told them the fighters will be flying between 7 a.m. and 7 p.m.

There seemed to be no doubt among American military men that the Russian announcement was another "harassing tactic."

They stressed that the Russian announcement was not affecting the air shuttle into the blockaded city. The air force said 1,435 tons of supplies were brought into Berlin during the 24-hour period ended at 2 p.m. Food made up the bulk of the cargoes, but 36 big C-54s flew in 359 tons of coal.

Appoint Chicagoan St. Charles Head

Chicago, July 16—(AP)—Charles W. Leonard, Chicago, has been appointed superintendent of the Illinois State Training School for Boys at St. Charles, the State Department of Public Welfare announced today.

Leonard will assume his new post Aug. 1, succeeding Col. J. Clifford Hodgins of Ottawa, who has resigned. Hodgins held the post since November, 1945.

Leonard, 34, has been active in social service work in Cook county.

GIRL WHO DIDN'T EAT FOR 9 YEARS EXPOSED AS FRAUD

Nanking, July 16—(AP)—Yang Mei, 30, who swore she hadn't eaten for nine years, was exposed today by the Official Central News agency as a midnight pantry raider.

The agency said nurses, feigning sleep at the Chungking hospital where the girl has been under observation for weeks, caught her slipping into the pantry to feast.

She had insisted she lost all appetite for food nine years ago after an illness.

Southern Germans Abandon Symbols Linked With Russ

Munich, Germany, July 16—(AP)—The communist party of southern Germany will abandon the Russian red star and the hammer and sickle as its emblems in what looks like an attempt to persuade the public that it does its own thinking, independent of Moscow.

Further, a party spokesman said, it does not intend to be linked with the Cominform.

This development was announced by Hugo Eichlich, deputy chairman of Bavaria's communists, who said: "The abandonment of the Soviet star and the hammer and sickle shall make it clear that we haven't any dealings with the Soviet Union. As a German party we haven't any connection with Moscow."

American military government officials and leaders of other German parties were skeptical of the communists' plans.

The communists have not agreed on a new symbol yet.

Decatur Man Will Head ECA Staff In Norway

Washington, July 16—(AP)—The Marshall plan mission to Norway will be headed by A. E. Staley, Jr., Decatur, Ill., manufacturer, economic cooperation administrator Paul F. Hoffman announced today.

Staley was deputy chief of the War Production Board's food ranch during the war. He is a member of the Business Advisory Council of the Commerce Department and has been on the Grain Advisory committee of the Agriculture Department.

The 45-year old executive has been president of the Staley Co. at Decatur for 16 years. The firm is engaged in corn refining and soybean processing.

He also is a director of the Wash-Bash Railway company and the Safe Deposit and Trust company of Baltimore, his native city. He is a graduate of the University of Pennsylvania.

British Lawmakers Revise Death Bill

London, July 16—(AP)—The House of Commons has passed, over Conservative opposition, a measure to abolish the death penalty for certain degrees of murder.

The government's compromise bill was carried, 307 to 209, last night. It will go to the House of Lords, which recently rejected a House of Commons proposal for abolishing the death penalty entirely for an experimental period of five years.

Rebels Run To Birmingham For Southern Convention

By Leroy Simms
Birmingham, Ala., July 16—(AP)—Revolting southern Democrats planned today to take their battle for anti-Truman elections into the president's home state of Missouri and at least a dozen other states.

These moves were mapped at pre-convention caucuses today by delegates to the states' rights meeting called by Gov. Fielding H. Wright of Mississippi.

Wright led the walkout of his state at the Philadelphia convention. A decision today by the caucus on the Missouri move also included a plan to have states' rights electors on the ticket of Kentucky, home state of Senator Alben Barkley, the Philadelphia choice for vice president.

Dixon Temporary Chairman
One leader of the southern revolt predicted the man nominated here tomorrow would "carry more states than Mr. Truman."

Former Gov. Frank M. Dixon of Alabama tonight was named temporary chairman for the convention. Rebellious deep South party members were angered by passage of a strong civil rights plank and by overwhelming defeat of a states' rights plank.

The leader who made the prediction concerning Mr. Truman's November chances declined use of his name "until tomorrow's meeting." He outlined, however, a plan of action for the meeting.

Figure 137 Electoral Votes
Alabama and Mississippi, with 20 electoral votes between them, already are committed against Mr. Truman. He named as "certain against Truman and probably for our nominee," the following states: Georgia, 12 electoral votes; South Carolina, 8; Florida, 8; Arkansas, 9; Louisiana, 10; Texas, 23; Virginia, 11; Tennessee, 12 and North Carolina, 14 electoral votes, he said, either will go for the Birmingham nominee or for Gov. Thomas E. Dewey, the Republican candidate.

In addition to working for anti-Truman electors from these states through regular state party machinery, he said a full slate of states' rights electors would be placed on the ticket in such border states as Oklahoma, Missouri, and Maryland.

Jerusalem Battle Ceased By Pact Of Arabs, Jews

Cairo, July 16—(AP)—Arabs and Jews agreed tonight to stop fighting in the Holy City of Jerusalem.

It was reported officially in Amman, capital of Trans-Jordan, that the Arab league political committee had agreed to a cease-fire in the city effective at midnight, Greenwich mean time, (6 p.m., central standard time) tonight.

The Israeli government previously said it was prepared to accept a United Nations truce on all Palestine fronts and a cease-fire in Jerusalem provided the Arabs did likewise. There was no word from the Arab league committee regarding a cessation of fighting in areas outside the Holy City. The committee is in session in Lebanon.

Arab and Jewish military commanders appeared to have begun a race against time in view of a possible new truce period. Arab forces using armored cars, tanks, planes and heavy artillery launched a strong counterattack on the northern front. The Syrian army was reported to have opened a heavy attack following a week-long defense against the Jewish offensive in that sector.

South Carolina Demos Ordered To Accept Negroes

Charleston, S. C., July 16—(AP)—The South Carolina Democratic party was directed today in a federal order to enroll Negroes and grant them full rights in party affairs.

William P. Boskin, chairman of the state Democratic executive committee who had led the palmetto state delegation at the national convention in Philadelphia earlier this week in condemning civil rights proposals, said the order "will be carried out fully."

The directive was contained in a preliminary injunction issued by Federal Judge J. Waties Waring upon petition of a Beaufort Negro, David Brown, who asked that Negroes be allowed to participate in the party.

"It's a disgrace and shame when you must come into court and ask a judge to tell you you are an American," Judge Waring snapped.

Through legislative action the Democratic leaders had sought to divorce the party from government and, in effect, render the party a political club limited to white members only.

ECA Official Tells Of Loyalty Checks

Chicago, July 16—(AP)—An official of the Economic Cooperation Administration said today that the loyalty guarantee of personnel administering the Marshall plan is slightly outstripped by the western groups with an 11 per cent boost in rates.

The department, in its monthly summary, ascribed the further rise in farm wages to:

Recovery of farm prices to their January level, continued increases in both the rural and urban cost of living, and a new round of increases in industrial wages.

Congressmen Talk Plans To Fight Special Session

Washington, July 16—(AP)—Capitol scene shifters set the stage today for a command performance by congress. Nobody, however, was sure how the acts would run.

Although nobody was taking the idea very seriously, there was some talk of adjourning congress as soon as it meets a week from Monday.

Senator Olin Johnston (D-SC) plugged for this plan. A House Republican, Ben Jensen of Iowa, said he thought a quick adjournment might be the best move, although he didn't say he would make the motion personally.

Neither house can adjourn for more than three days without the consent of the other, under the Constitution. Even if congress voted to quit, the president could call it right back again.

A ticklish situation might develop, however, if a majority of the members didn't show up for the opening. Then, under the rules, it would be up to the members present to compel the others to return. If they chose not to compel attendance, or couldn't do so, there wouldn't be much Mr. Truman could do.

The president presumably will lay down most of his program in a message on the opening day. There isn't any indication yet whether he will do so in person.

Republicans control both houses. They can expect support in some instances from southern members disgruntled by Mr. Truman's stand on the racial issue. In other cases, notably on so-called civil rights legislation itself, the southerners will be a lonesome if talkative minority.

Farm Wage Rates 10 Percent Above Last Year's Level

Washington, July 16—(AP)—The Agriculture Department reports that farm wage rates have climbed upward another 10 per cent in the seven west-north-central states during the year ended July 1.

In this group of states are the Dakotas, Minnesota, Iowa, Missouri, Kansas and Nebraska.

Set against the 1910-14 average, farm wage rates in these states have gone to a level more than four times as high.

The national increase in the past year was seven per cent. The east-north-central area—Ohio, Indiana, Illinois, Michigan and Wisconsin—is slightly outstripped the western groups with an 11 per cent boost in rates.

Recovery of farm prices to their January level, continued increases in both the rural and urban cost of living, and a new round of increases in industrial wages.

RED 'MACHINERY' SHOWS FLAWS IN HANDLING BERLIN SITUATION

An article in the Daily Worker, New York's Communist newspaper, has come up with an explanation of the Berlin "crisis"—which its author carefully keeps in quotation marks throughout. The crisis, says the article, is the result of the United States' efforts to implement the Marshall Plan.

This is an interesting statement, particularly since the article makes no effort to perpetuate the fiction that the blockade of Berlin is due to railroad repairs, broken canal locks, and so on.

The Worker, like every other Communist publication and individual, gets its cue on important policy from the propaganda feedbox in Moscow. So it seems highly unlikely that one of its writers would undertake to explain without authority a situation which Moscow had kept silent about for so long. Unless the Communist press has suddenly gone in for unauthorized think pieces, we may assume that the Worker's explanation was the first frank one to come out of Moscow.

The article, not surprisingly, is a little careless in matters of fact. For instance, it implies that the proposed government for western Germany is a part of the Marshall Plan, which of course it is not. The writer also makes the illuminating disclosure that the western powers instituted the blockade of waterways into Berlin. This statement appeared on the same day that a news story carried a Russian "explanation" that they were not permitting barges to enter Berlin because of repair work on a lock.

Errors aside, however, if this is a Soviet-sanctioned explanation of the Berlin blockade, then the maneuver is even more clumsy than it appears to be. If it was decided on as a reprisal for the European aid program, then it is a childish and spiteful gesture unworthy of any government. If it is being used to force the United States, Britain and France to abandon their plans for a western German government, the tactics are clearly wrong and doomed to failure.

If the Russian leaders really desire peace, it should be clear to them that an indispensable insurance of peace is a self-governed Germany with a measure of independence, but a Germany supervised long and carefully by the victorious powers. The western governments do desire peace, therefore they will not submit to Russia's plan for a "unified" Germany which would make that country Russia's most powerful and important satellite.

Surely the Soviet government knows that. And surely it must also know that it cannot gain its point by a flagrant breach of agreement that subjects the western governments to expense and inconvenience in Berlin. Nor can the Soviet government seriously hope to win German friends to the idea of a Soviet-dominated Germany by trying to starve the population of Berlin.

Party Planned At YMCA July 23; All Students Invited

The YMCA will be the scene of a mid-summer party Friday, July 23 from 8 to 11:30 p. m. Plans are in the hands of a committee composed of Gaylord Spotts, Donna Ward, Virginia Crawford, Judie Kurtz and Helen Lippert.

All high school and junior high students are invited. Wilson Jansen, director of the "Y" stated he expects a capacity crowd.

The committee plans to decorate the YMCA as a Parisian night club in the Montmartre section. Waiters, waitresses and patrons will be dressed accordingly.

This will be a "take off" on "Club 17" held once a month this winter. "Club 17" was modeled after the sophisticated type of night spot.

Gay-colored tables will surround the square dance floor. Arrangements have been made to secure a band, but they are not complete. All menus will be in French, and scholars are checking the equivalents of chocolate soda and hot fudge sundae.

There will be a gala floor show which will feature a bathing beauty contest. Bathing suits will be of the 1890 vintage.

Mr. Jansen said that this would probably be the last get together of the entire high school and junior high groups this summer. Similar programs proved highly successful during the fall and winter months.

PLAN ASBURY PICNIC

Invalid Doctor, Two Women Rescued From Lake By Local Man

An invalid Beardstown physician who goes fishing in a wheel chair, his wife and another woman who accompanied them on a fishing trip, were rescued from Smith Lake in which their boat sank Wednesday afternoon.

Dr. Hale E. Haworth, his wife Mrs. Susan Haworth, and a friend, Mrs. Ethel Hack, were rescued by Herman (Dates) Opperman of this city and Mr. Brown, a resident of the Smith Lake community.

The women held Dr. Haworth's head above water for a half hour, while they stood in water to a depth of five feet. He partly reclined in his wheel chair, which was under water, during that time.

Opperman, who is a veteran fisherman and mechanic in charge of the city hall garage, and Brown were in a motor boat when they went to assistance of the physician and woman.

All Three Badly Chilled

Dr. Haworth, his wife and Mrs. Hack escaped ill effects from their harrowing experience, although they were thoroughly chilled.

Opperman had been fishing at the lake for some time when he heard shouts, but he and others at first thought they came from children who were swimming. The cries persisted, after which Opperman and Brown saw several persons far out in the lake.

Turning Opperman's outboard motor boat in that direction, they soon arrived at the scene of near-tragedy. The women were struggling to keep Dr. Haworth's head above water. The outboard motor boat on which they were standing had sunk in mud, and was slipping at the time of their rescue.

Recover Wheel Chair

The physician was removed from the lake first, after which the women were helped into Opperman's craft. The wheel chair was later recovered.

Dr. Haworth, who lives at 312 West Fourth street, Beardstown, and who continues active practice despite a paralysis of his legs, accompanied by Mrs. Haworth, went to Smith Lake near Naples for a day of recreation. During the afternoon they decided that fishing on the other side of the lake might be better. They set out across the lake in a boat operated by Mrs. Hack.

Mrs. Hack said they realized the craft was overloaded and was in danger of sinking due to rough water.

Swimming Pool Gets "A" Health Rating

STATE OF ILLINOIS
Dwight H. Green
Governor

DEPARTMENT OF PUBLIC HEALTH
Roland R. Cross, M. D.
Director

CERTIFICATE OF CLASSIFICATION

CLASS
A
SWIMMING POOL

This Certifies that the NICHOLS PARK SWIMMING POOL located at JACKSONVILLE, Illinois, is given the above classification based upon requirements adopted by this Department for the sanitary control of swimming pools.

CLASSIFICATION SCHEDULE		SANITARY RATING	
CLASS	SCORE	Item	Actual Score
AA	95-100	Pool facilities	17
A	85-95	Bath house facilities	18
B	75-85	Water treatment	35
C	65-75	Operation	21
D	Not approved		
			91
			100

This certificate is in full force and effect unless revoked for cause.

In Witness Whereof the Director of Public Health has subscribed his name and caused the seal of the Illinois Department of Public Health to be attached hereto in Springfield the 15th day of July, 1948.

No. _____ M. D. _____
Director of Public Health

Each year, the Department of Public Health inspects every public swimming pool in the State of Illinois. Recently the Nichols park pool received an extremely high rating.

The inspection is based on pool facilities, bath house facilities, water treatment, and operation of the pool. Every part of the pool is listed under one of these four categories. Russell Kelley, superintendent of the park, stated that the aged bath house brought the score down more than any one factor.

Perfect score for swimming pools is from 95 to 100. Four points from perfect is considered "A" classification.

The certificate, in accordance with state legislation, will be hung in a conspicuous spot where all patrons may inspect it.

Mr. Kelley said he felt that "we now have a pool that the people of Jacksonville should be proud of."

ADVERTISE — IT PAYS

Delinquency Topic Of Address Here By Clifford Shaw

Clifford Shaw, director of the Chicago area project, presented an informal talk on "Juvenile Delinquency" Thursday evening at the Church of God on North Clay avenue.

Basing his talk on his more than 30 years of experience in this line of work, Mr. Shaw declared that the greatest thing which can be done to combat juvenile delinquency is the arousal of a definite community spirit, making each person feel that the welfare of others is his own personal responsibility.

A child, in order to find his place in this pattern of community life, must discover, Mr. Shaw said, what his environment is, what he can and cannot do, and what is expected of him.

This feeling of community spirit is especially important should the child get into trouble and be sent to a correctional institution. It is then of all time, stated Mr. Shaw, that the child needs to feel that he is not forgotten and that his neighbors are concerned with his future welfare.

Mr. Shaw continued by saying that when such a child is returned to the community, the responsibility of rehabilitating that child to a normal way of life rests largely with neighbors, the people whom he knew before he was sent to the institution. It is then up to these neighbors to develop a capacity for understanding within themselves rather than to condemn or blame the child. They must make the child feel that he has a place within the community.

The formation of such a community unit is not a remote possibility for the residents of any neighborhood, Mr. Shaw declared. All that is needed is a feeling of "good neighborliness."

Mr. Shaw was introduced to the group by Lloyd Gohn, executive secretary of the Community Service committee, which sponsored his appearance here. Similar meetings have been planned for the near future.

To Be Wed

MISS LOUISE HENRY

Mr. and Mrs. Sam Henry of Woodson have announced the engagement and approaching marriage of their daughter, Miss Louise Henry, to Dean Craig, son of Mr. and Mrs. Harry Craig, also of Woodson. The wedding will take place in Woodson on July 21.

Miss Henry is employed as secretary at MacMurray College. Mr. Craig served in the armed forces for two years and is now engaged in farming.

Concord

Concord—Mr. and Mrs. Grover Crews of Rutledge, Tenn., and Miss Nannie Bell Noe of Bean Station, Tenn., have returned home after visiting Henry Welch and daughter and other relatives in Chapin, Virginia, and Chandlerville.

Sunday dinner guests at the home of Henry Welch were Mr. and Mrs. Marion Stroud and Mrs. Laurence Martin of Knoxville, Tenn., and Mr. and Mrs. Eugene Crews and daughter, Martha, of Concord.

Mrs. Joe Dadds of Jacksonville has been visiting relatives in Concord.

Mr. and Mrs. Charles Brewer and grandson are visitors in Concord.

Mr. and Mrs. Austin McDermott have gone to the Dakotas for a brief stay.

Mrs. Blanche King is visiting her daughter in New Orleans, La.

Tuesday was spent in Beardstown by Mrs. Robert Caywood and Mrs. Venner Thompson.

The Co-workers Sunday school class of the Methodist church will meet Sunday evening, July 18, at the home of Mr. and Mrs. Earnest Strickler for a potluck supper.

LEAVES FOR GERMANY

T/Sgt. Dean E. Coultas, who has been visiting his parents, Mr. and Mrs. Guy Coultas, at the Self Apartments, left Monday for Camp Kilmer, N. J. He will sail soon for Germany, where he will be stationed with the Army Air Corps for a period of two years.

IT PAYS TO ADVERTISE

Clarice Carter Becomes Bride Of Sgt. Critchfield

Vows of marriage were exchanged by Miss Clarice Carter, granddaughter of Mrs. Matilda Zimmer, 1727 Mound avenue, and Sgt. Lawrence B. Critchfield, grandson of Mr. and Mrs. William E. Rhoades of Galesburg, in a 6:30 o'clock ceremony performed Wednesday evening at the Lutheran church here.

The vows were received by the Rev. Mr. Uhlig. Attending the couple were Mr. and Mrs. Harold Lair of this city.

For her marriage, the bride wore a street-length dress of white sharkskin, with an off-the-face hat of white and matching accessories. As her only jewelry, she wore a single-strand of pearls, given her by the bridegroom. A corsage of red gladioli completed the ensemble.

The matron of honor was attired in a dress of pink linen, with which she wore white accessories and a corsage of white gladioli.

Immediately following the wedding, a luncheon honoring the couple was given at the home of the bride's grandmother, Mrs. Zimmer. The couple then left on a brief wedding trip. For traveling the bride chose a pink eyelet dress with white accessories.

The couple will make their home in this city. Mrs. Critchfield is employed at the Illinois Telephone Co. Her husband is stationed at El Torso, Calif.

HOW ARE YOUR BRAKES?

You don't know? Better do something about it *right now*—before a sudden emergency catches you. And the best something we know is to bring your Buick to us for a thorough brake check.

Our Buick-trained mechanics, using Buick-approved testing methods and Buick-engineered replacement parts, will give your brakes a complete check—turn them out fit to meet new-car specifications, no matter how far you've driven already.

Better come in today—and give your car a good brake!

POOLE MOTOR CO.
331 N. MAIN ST.

Now more than ever before—

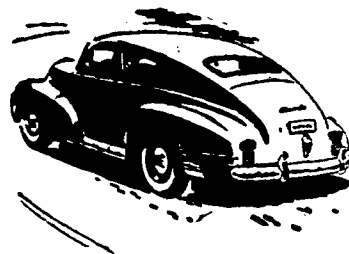

FIRST IN VALUE FIRST IN DEMAND

Only Chevrolet brings you all these major advantages of **BIG CAR QUALITY AT LOWEST PRICES . . .** prices now decidedly lower than those of any other car that even remotely approaches it in quality!

You'll have so much more riding smoothness with the genuine Unitized Knee-Action Ride—exclusive to Chevrolet and higher-priced cars.

You'll know that your Chevrolet leads in tasteful luxury, for it has the world-famous Fisher Body—available only on Chevrolet and costlier cars.

You'll enjoy more thrills and more savings with Chevrolet's world's champion Valve-in-Head engine. Valve-in-Head, too, is exclusive to Chevrolet and higher-priced cars.

You'll have the triple safety of Fisher Unisteel Construction, the Knee-Action Ride and Positive-Action Hydraulic Brakes—combined only in Chevrolet and costlier cars.

The plain truth is that this pace-setting Chevrolet offers major quality advantage after major quality advantage not available in other cars in its field; and, in addition, Chevrolet prices are now obviously and outstandingly lower than those of any other car that even remotely approaches it in quality.

Thus, Chevrolet and only Chevrolet offers the Big-Car comfort of the original and outstanding Unitized Knee-Action Ride . . . the Big-Car performance and dependability of a world's champion Valve-in-Head engine . . . the Big-Car beauty and luxury of Body by Fisher . . . the Big-Car safety of Fisher Unisteel construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes . . . all at lowest prices—prices that are now even more economical, even more thrifty, when compared with the prices of other automobiles in its field.

Yes, indeed, Chevrolet is first in dollar value by the widest margin in all Chevrolet history; and, of course, it is first in nation-wide demand as well.

THE ALLIS-CHALMERS MODEL G TRACTOR

Rear-Engine Design
Introduces
Straight-Ahead Vision

Now you can see it . . . a tractor that leaves your forward vision clear. Here is the first major development in tractor design since rubber tires replaced steel wheels.

It's not just another size tractor, but a new idea in farm power — a new system of motorized farm tools. Plants up to 25 acres of corn, sorghums or soybeans per day with 2-row drill planter; handles one 12-inch, front-mounted moldboard plow and 5-foot mower. Operates on 2 to 3 quarts of fuel per hour. Starter, lights and full size rubber tires are standard equipment.

Come in and look it over.

HERE'S HOW IT IS DIFFERENT

THE STORY: Playboy Marcus Sterling, who stole his wife's diamond necklace and handed it over as security on a \$10,000 gambling debt to racketeer Harry Bindle. To cover the theft, perpetrated while his wife slept, Sterling makes it appear a professional burglary. He then goes to Edgewater Country Club to spend the night and establish an alibi. Along with the necklace, he has also taken a sealed packet from his wife's safe. This packet contains \$10,000 in cash which Miriam had withdrawn from the bank to give him. At the club, Sterling encounters Police Lt. Talant arrives at the Sterling house. Mrs. Sterling has been found murdered in bed. The wall safe in her room has been ransacked and everything points to robbery. Talant discovers Miriam's checkbook with a stub dated the previous day made out to \$10,000 cash. The maid, Stella Nelson, tells him Mrs. Sterling always kept her diamond necklace in the safe. Next morning, Police Lt. Talant arrives at the Sterling house. BOB DAVIS exhibited anxiety frankly when Sterling appeared at the foyer desk. "Afraid you wouldn't make it in time for the collection, Mr. Sterling," young Davis said. Sterling handed him the sealed packet. "How much will it take?" Davis turned toward the postal scale. "First class, I guess?" "Yes, first class," Sterling said. He was using that moment to discard the scraps he held palmed in one hand into a waste-basket. He suspected the young man's unexpressed surprise at the size of the packet... its bulk. He took it for granted that Davis would manage a squint at the printed address... record it mentally. Club and hotel employees, he believed, had some seventh or eighth sense for that sort of thing. "It'll take 21 cents first class, Mr. Sterling," Davis said, frowning at the scale. "Want it insured?" "No, it's nothing valuable," Sterling said evenly. He reached to

"Weighing In" For The Soap Box Derby

The Corn Belt Chevrolet garage was a scene of high pitched excitement Thursday night as Derby officials began to inspect the racers. Interested participants and spectators gathered around to watch the thorough inspection.

Walter Hamilton, a member of the inspection committee, stated that 40 of the racers have been checked into the garage. The other six have been contacted and will have their cars in soon.

Eight racers did not meet the standards as stated by the National Rules Committee, Akron, Hamilton said, though, that all difficulties were minor and could be corrected. All racers should pass the tests and be in the race Sunday afternoon, he concluded.

Derby officials state they are pleased with the technical aspects of the racers this year. One official stated that "these cars show a lot of good honest work." This opinion confirms the prevailing rumor that a new Derby record will be set this year in Jacksonville, surpassing Lawrence Crawford's breath-taking run last July.

Cecil Ford, general chairman of Soap Box Derby day, stated that final plans are now complete in every aspect. The machinery is set up and will be ready to roll Derby day.

Construction of the ramp near the intersections of Park and Grove streets will begin Sunday morning.

91 Year Old Man Attends Lippert Family Reunion

Sixty-one members attended the 16th annual reunion of the Lippert family held July 11 at Nichols Park.

Family members who traveled the greatest distance to attend were Mr. and Mrs. Roy Lippert of Plainview, Texas. Others were present from Stroud, Oklahoma, Oklahoma City, Oakford, Havana, Bath, Manito, Ohio, Merced, Arizona, and Jacksonville.

The oldest person at the reunion was Henry Lippert, 91, of Stroud, Oklahoma, and the youngest was two-year-old Earl Lacey from Manito, Ill.

Each family brought a basket of food, and following the bountiful dinner, readings, musical numbers, and short talks were given by Henry Lippert, John Nickel and Mrs. Lena Linder.

The business meeting was called to order by Bryan Ganson, vice president. The secretary's report was read by Lena Kramer. Only two members have attended every reunion; they are Mrs. Lena Linder and her daughter, Hazel Oest of Bath.

Officers elected for 1949 are president, William Lippert, Jacksonville; vice president, Aurel Lacey, Manito; secretary-treasurer, Louella Shirley, Bath; historians, LaMara Becker of Oakford and Helen Lippert, Jacksonville.

Next year the reunion will be held at Nichols Park on the second Sunday in July.

Beauty Contest Saturday Night At Carrollton

Carrollton-Rain cancelled the horse show and much of the Thursday evening program at the Greene County Fair. Before the rain, however, the races were run with results as follows: 226 Pace, Floyd Scott, owned by S. T. James, Morrison, Ill., time 2:11 2/5; 220 Trot, (1 heat) Bernice Mac, entry of H. I. Little, Rochester, Minn., time 2:16 2/5; 227 Trot (3 year olds) won by Ed Mac, Wm. J. Flitty, Rock Island, owner, time 2:13 2/5.

The postponed horse show and the racing program were held Friday afternoon. The beauty contest scheduled for Friday will be held Saturday evening, and the 4-H dress revue will also be presented at that time.

Mrs. Addie Edelbrock of Jacksonville spent the week end at the home of her cousin, Miss Adella Hamilton.

Miss Phyllis McDannald is a guest at the home of her uncle and family of Pittsfield.

BATTLE OF CURRENCIES

THIS SIAM'S PRICES—The re-export of Japanese cloth from Malaya to Siam has caused a marked decrease in cloth prices in Siam since last March, but it is badly hurting Bangkok's eight firms which have direct contact with Japanese exporters. These eight say they are being undersold by goods coming from Malaya because of Siam's exchange position. They have to buy U. S. goods for U. S. dollars, while firms buying from Malaya and other neighboring sterling areas buy with sterling.

Chapin 4-H Hears Speech By Nurse

Chapin—Mrs. Robert Joy, rural nurse, gave an interesting talk and demonstration on First Aid at the regular meeting of the Top Notchers 4-H club held Thursday afternoon at the Chapin grade school.

The pledge of allegiance was led by Doris Jean Joy, after which Martha Covey and Jeanette Joy gave a demonstration on making drop cookies. A talk on fire prevention was given by Carol LaKamp, and Joan Pulling and Linda Rice told the story of the song, "Old Folks At Home." Mrs. Eloise Tholen, assistant home adviser, discussed coming 4-H activities.

The meeting was closed with the 4-H pledge, led by Lenore Painter.

Walter Hamilton Named To Housing Authority Board

Walter Hamilton has been appointed as a commissioner of the Morgan County Housing Authority. It was announced Friday by the Illinois State Housing board, the appointing state body. Mr. Hamilton's membership on the authority extends to August, 1949.

The Morgan County Housing Authority since its organization has received \$46,064 from a state housing appropriation in 1945, and again in 1948 it is eligible to receive \$30,250 from the state for housing purposes. The housing funds distributed to the Morgan County Housing Authority from the state housing board is the county's per capita share of \$30,000.00 set aside for housing in Illinois.

Administering the state housing funds in Morgan county are the five members on the county housing authority. These commissioners are: Walter Hamilton, 743 Hardin avenue; Louis E. Turner, Morrison building; John T. Taylor, 1038 West Lafayette avenue; Harry M. Crabtree, 316 Woodland place, and Harold E. Gibson, MacMurray College.

Mayes, Jr., editor of the Gulf, Mobile and Ohio Railroad Company News, and Neil Souder, member of the G. M. & O. News staff, showed a movie, "Subversive Activities in Unions" for the club program. The film dealt with infiltration of Communists into industrial unions.

Six 4-H Girls Drowned Friday In Iowa Tragedy

New Sharon, Ia., July 16—(AP)—Six farm girls were drowned today when the car in which they were riding got too near the edge of a rock road, east of here and rolled into a deep, water-filled ditch.

Sheriff Dwight Mater identified the girls as:

Helen Van Kampen, 16, daughter of Everett Van Kampen, 15; Rowana McMahon, 14; Ila Ruth McMahon, 12; and Caroline Ald McMahon, 6, all daughters of Gerald McMahon, a neighbor of Van Kampen.

Mona McMahon, 15, daughter of Donald McMahon and a cousin of the other McMahon girls.

Sheriff Mater said the accident occurred about a quarter of a mile from the Van Kampen farm home.

Miss Van Kampen was driving, the sheriff said, and had just picked up the other girls to take them to a 4-H club meeting.

The only survivor of the tragedy, Mater said, was Iva Maz Van Kampen, 5, a sister of Helen.

Iva May got out the window of the car and told her brother, who was driving a tractor along the road, of the accident. They summoned Van Kampen and two neighbors, who got the girls' bodies out of the ditch.

The sheriff said the car apparently stalled and Miss Van Kampen, who was driving, backed up to get started again.

The edge of the road caved as the wheel got too near, Mater said, and the auto toppled down the slope into the ditch. The car turned over three or four times, he said.

The water in the ditch was so deep that only about four inches of tire showed above the water. The water had collected in the ditch from recent heavy rains, the sheriff said.

List Requirements For 4-H Displays At Scott County

Requirements for displays at the Scott county achievement show were announced following a meeting of the agriculture and home economics 4-H leaders held Thursday evening at the Extension Bureau office. The home economics section of the show will be August 5 at the Winchester high school, followed by the agriculture displays August 6 at Hickory Grove school.

Articles to be shown at the home economics achievement day are: clothing, 1 garment made during the year, 1 garment purchased for project; preserved fruits or vegetables, 3 quarts or 3 pints; ways of using fruits or vegetables, 1 serving of potato salad on lettuce; yeast bread, a plate of 3 yeast rolls, quick bread, 3 muffins; cookies, 3 chocolate drop cookies, dairy foods, individual serving of cottage cheese salad; table covers, 1 place mat or table cover with napkins; party—king pin, scrap-book made for project; leisure hour, 1 article made for project; flower arrangement, 1 arrangement for a buffet.

It was also decided that the annual picnic for 4-H members and their parents will be held August 1 at 11 a. m. at Nichols Park.

Also awarded to Mrs. Taylor were seconds on still life painting, water color scenery, men's handmade handkerchiefs, made-over garments, spice cake, date bars, seven kinds of jellies and marmalades, and canned sausage; thirds on cotton pajamas, men's handkerchiefs, and made-over garments, and fourth on blackberry preserves, canned beets, and canned corn cut from the cob.

Mrs. Taylor's daughter, Ruby, also won a number of awards. Her prizes included seconds on poultry in 4-H for cockerel, pullet, and pen, second in open class on pen and thirds on crockery and pullet, seconds on collection of five flowers, animal drawing, and brownies; thirds on variegated bouquet, animal drawing, figure drawing, and fashion drawing, and fourth on figure drawing.

Miss Taylor, who is 12 years old, is a member of the Roodhouse Red-birds 4-H club.

Mrs. Gertrude Botkins of Joliet, Ill., a past president of the auxiliary, was present at the meeting. Attendance prize was won by Mildred Smith. Refreshments were served by the hostess, Dolores Walker, assisted by Inez Patterson.

VFW Auxiliary Holds Meeting

Reports of delegates to the department uncampment were made at the regular meeting of the Veterans of Foreign Wars Auxiliary which was held Wednesday evening at the VFW home. Mildred Smith and Ivaell Smith described Friday's session and Vernetta Anderson reported on the Saturday meeting.

An account was given by Rachel Massey of a party given recently at Maple Crest sanatorium in honor of nurses of the two world wars. Mildred Smith, co-hospital chairman, Ivaell Smith, and Inez Putn also attended.

Mrs. Gertrude Botkins of Joliet, Ill., a past president of the auxiliary, was present at the meeting. Attendance prize was won by Mildred Smith. Refreshments were served by the hostess, Dolores Walker, assisted by Inez Patterson.

WINCHESTER TOP NOTCHERS WORK ON PROJECT BOOKS—Winchester—Eight members and one guest attended a recent meeting of the Winchester Top Notchers 4-H club held at the Farm Bureau office.

The members worked on project books under the direction of their leader, Mrs. Marvin Tholen. Refreshments were served.

Morgan Harvesters Need Dry Weather; Corn Booms Along

Friday's sunshine and clearing skies combined to give farmers of this area a hope for enough dry weather to complete a much delayed small grain harvest. At least one-third of the wheat and nearly all of the oats await the combine.

Most farmers say the two crops are still in good shape, despite a serious overcast of water during the week. The quality of the grain has been lowered, however. The wheat berries are bleaching a little each day. Test weights are apt to be considerably lower than before the deluge. This was true of wheat cut after last week's rains. Some fell from 61 pounds to the bushel all the way down to 58 pounds or lower, according to individual reports.

Corn, soybeans and weeds are making a fantastic growth. Producers of hybrid corn have found it uphill business to keep up with the unfolding tassels of the seed plots. Spring seedlings of alfalfa and clover have improved markedly in the past two weeks, except in those areas plagued by grasshoppers.

Up to yesterday the week had been characterized by spotty, but very hard, rains. Some localities received much more than nearby areas. Water was reported standing in the rows of corn and soybean fields in some widely separated spots Friday morning. A few miles away the rainfall had been only moderate.

Grasshoppers Gain In Numbers, Size; Hurt Many Fields

The grasshopper situation is getting a little worse every day. Farm Adviser E. H. Garlich said Friday. On the basis of field trips to various sections of the county, Mr. Garlich estimated that up to half of the young seedlings of alfalfa and clover are infested to an extent where they will be seriously damaged unless the insects are destroyed.

They are also chewing up a lot of soybeans, he observed. Rows bordering combined grain are showing the greatest population and damage.

The farm adviser said many owners and tenants do not appear to realize how much the grasshoppers are damaging crops. He advised immediate inspection of fields and prompt action where there is any considerable density of the pests.

Airplane operators who make a specialty of dusting large areas are reported very busy in sections of Illinois. Costs of this work run from \$6 to \$10 an acre.

"Chlordane is the stuff to use, 12 ounces to a pound of the active ingredient per acre," Mr. Garlich said. "The supply of this chemical is relatively short and if the grasshoppers continue to prosper it may be necessary to return to the bran poison bait used in former years. They're growing every day and the bigger they get, the more they eat."

Mrs. John Taylor And Daughter Win Prizes At Fair

Roodhouse—Many prizes were awarded to Mrs. John P. Taylor and daughter, Ruby, at the Greene county fair which is now in progress.

Mrs. Taylor was the recipient of the following recognition: first, second, and third on Golden Seabright bantam hens and third on cock, first and second on young white King pigeons; first on old pair, and first on pen and ink drawing, collection of three or more unframed and three framed, portrait of Sitting Bull, still life, crayon landscape, water landscape, begonia, practical apron, white cake with white icing, and collection of six varieties of jellies.

Also awarded to Mrs. Taylor were seconds on still life painting, water color scenery, men's handmade handkerchiefs, made-over garments, spice cake, date bars, seven kinds of jellies and marmalades, and canned sausage; thirds on cotton pajamas, men's handkerchiefs, and made-over garments, and fourth on blackberry preserves, canned beets, and canned corn cut from the cob.

Mrs. Taylor's daughter, Ruby, also won a number of awards. Her prizes included seconds on poultry in 4-H for cockerel, pullet, and pen, second in open class on pen and thirds on crockery and pullet, seconds on collection of five flowers, animal drawing, and brownies; thirds on variegated bouquet, animal drawing, figure drawing, and fashion drawing, and fourth on figure drawing.

Miss Taylor, who is 12 years old, is a member of the Roodhouse Red-birds 4-H club.

Local Teachers Take Role Of Student This Summer

Many teachers in the Jacksonville public school system are attending summer sessions in various colleges and universities this year. Dr. D. R. Blodgett, city superintendent of schools, said yesterday.

Completing special workshop courses at the University of Illinois this week were Miss Helen Richards and Miss Emma Mae Leonard, both teachers of English at Jacksonville high school, John Agger, JHS principal, and John L. Conant, principal of David Prince. Miss Richards, Miss Leonard, and Mr. Agger took courses in English.

Others At U of I Also attending the state university this summer were George G. Egbert, Farrell Patterson, Ralph J. Wells, and Harold Wimberly, all of the high school faculty.

Miss Adelaide Durlay, JHS teacher, James Welsh, band instructor and Mrs. Violet Aurwarter of Lafayette school are attending Indiana university at Bloomington, Ind., where Mrs. Aurwarter is taking a course in visual education. Robert Kraushaar, JHS coach, and Miss Marguerite Schaeck are at Colorado State college in Greeley, and Glenn Hickle, high school chemistry instructor, is going to Washington university in St. Louis.

Teachers who are attending Columbia university in New York City this summer are Miss Frances E. Webb, Miss Maureen Self, both of the high school faculty, and Miss Lena T. Heim, Lafayette principal.

In Other Colleges Others attending colleges out of town include Miss Olive E. Venters of Lafayette school, who is at the National college in Evanston; Miss Edith Ruyle, Washington school instructor attending Rockford college; Miss Mabel Ruyle of the high school faculty, who is at University of Michigan; Miss Martha Symonds, Franklin school, and Miss Lillian Carter, David Prince, both at State Normal university, and Merle J. Wade, who is attending Western State college at Macomb.

Those going to MacMurray college this summer are Jean M. Spencer, Marjorie P. Hamilton, both teachers at Washington school, and Miss Mildred George of the high school faculty.

Miss Emma Mae Leonard and John M. Hollowell, high school instructors, attended the national conference.

Mrs. Casey Jones 'Wouldn't Miss' Railroad Fair

Chicago, July 16—(AP)—Mrs. Casey Jones, 80-year-old widow of the immortal engineer, arrived in town today for the railroad fair.

"You all couldn't hire me to miss it," the spry little Jackson, Tenn., woman said of the fair.

"Anything that's railroad is my dish. And I'm grand marshal of the parade next Monday."

Of Casey, she said: "No one who knew him ever forgot him. He was a man. Six feet four, 190 pounds, laughing brown eyes that had the imp in them. He was a railroad, took care of his engine like some people pamper a dog."

"We had 14 years together before he took out 382 in place of the regular engineer who was sick."

Casey died highballing the Illinois Central railroad's No. 382 out of Memphis April 30, 1900. Trying to make up eight hours, Casey opened the throttle wide. Around a curve was a stalled freight train. Casey told the fireman—Sim Webb and still living in Memphis—to jump. Casey stuck to the throttle and died in the wreck.

He was immortalized in the famous ballad.

Mrs. Jones will be guest of honor at the opening of the fair's pageant Tuesday.

"Only wish Casey could be here," Mrs. Jones said, "but I don't know what he'd think of these new diesels."

Caldwell Describes Trip To Brazil For Kiwanians

Jacksonville Kiwanians heard H. L. Caldwell, president of the local Rotary club, give an interesting travelogue of his recent trip to the Rotary International convention held in Rio de Janeiro, Brazil.

Speaking at a meeting of the Kiwanis group Thursday at the Dunlap hotel, Mr. Caldwell illustrated his remarks with colored slides of the beautiful scenery in the Caribbean islands visited en route to South America. He also showed several fine shots taken from the plane as it passed over Bermuda.

Also present at the meeting were O. A. Schutte, president of the Lions club, and Paul Penstemaker, president of the Optimists club.

Harlan Williamson, chairman of the program, introduced the guest speaker. Jim Drennan, son of Dr. and Mrs. George L. Drennan, who represented the Kiwanis club at Boy's State this year described his experiences there and spoke on the value of this annual school in citizenship.
